FULL BIO

Katey Rae is a fantasy author crafting immersive worlds where ancient magic, forbidden knowledge, and deeply human choices collide. She is the architect of The Arcane Odyssey, an epic fantasy series beginning with The Awakening.

Her stories live in the space between wonder and danger, where every spell demands a price and every truth casts a shadow. When she isn't building realms from ink and starlight, she's plotting the next twist her readers won't see coming.

The Awakening, Book One of The Arcane Odyssey, follows Zamaria Zephyr, a bookseller's daughter raised among enchanted texts, as she is drawn into a world of old secrets and competing beliefs. It is Katey Rae's first novel and is published by Obsidian Media Group. A limited Signed First Edition of 50 numbered copies is available to preorder at katey-rae-author.site.
